

	10:00-12:00	12:00-14:00	14:00-15:00	15:00-17:00	17:00-19:00	19:00-21:00
MONDAY	A3: Simulation methods	A14: Models of reasoning		A1: Decision support systems	A8: Metaheuristic-based intelligent search	A10: Programmable biology: DNA computing and biocircuits
TUESDAY	A2: Participatory decision making and negotiation	A17: Biomedical informatics		A12: Multi-agent systems	A13: Ontological engineering	
WEDNESDAY	A9: Evolutionary computation	A20: Deep Learning for Natural Language Processing		A18: Language engineering	A11: Logic programming	A19: Web science
THURSDAY	A6: Artificial neural networks and Deep learning	A17: Biomedical informatics		A5: Machine learning	A4: Bayesian networks	
FRIDAY				A16: Autonomous robots	A7: Explainable artificial intelligence (NEW in 2023-24)
